1. _____

Google Classroom "Turn in Assignment" option

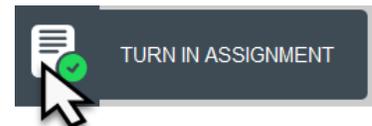

Same – In kurzweil3000.com

Student will open assignment in Google Classroom and complete the assignment as before.

New - In kurzweil3000.com

When the assignment is opened a "Turn In Assignment" button will show in the left tool bar.

When the student completes their work they will click the "Turn In Assignment" button to change the status of their assignment in Google Classroom to "Turned In".

When processed this confirmation message will pop up.

Success! You have successfully turned in your assignment to your teacher.

If the "Turn In Assignment" button is clicked again this message will appear.

Error Assignment cannot be turned in because it has already been returned.

NOTE:
If the teacher assigned the same document (from the same location) to two or more assignments, the student will see a pop up to select which assignment the document will be in turned for.

In Google Classroom

The teachers and students see the assignment status as "Turned In".

To reverse the action in Google Classroom
        Teacher has a "Return" option
        Student has an "Unsubmit" option
These options will
        In Google Classroom – change the status to "Returned" or "Assigned".
        In kurzweil3000.com – the "Turn in Assignment" button will be reactivated.
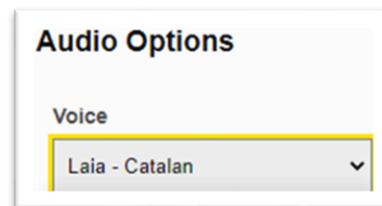

Grading the Assignment

Teacher will follow the path in Google Classroom to view individual turned in assignments.
When the teacher gets to the individuals student and assignment they click on the assignment link to open it in kurzweil3000.com to respond to or grade.
