INSTALLATION NOTES – Standalone Edition

Have your serial number(s) ready. You can find the serial number on the product box.
Remove the currently installed version of Kurzweil 3000 by moving it to the Trash before installing the new version.
Do one of the following:

Place the Kurzweil 3000 DVD into the DVD drive and double-click the Standalone edition icon.

Or

go to www.kurzweiledu.com/installmacv4_6SA to download the installation file.

Drag the **Kurzweil 3000** application file to the **Applications** folder.

If Kurzweil 3000 will be accessed by a number of users, drag the **Sample Files** folder to the **Shared** folder, located in the **Users** folder. This will make the sample documents easily accessible to all users.

INSTALLATION NOTES – Web License Edition
Before You Install:

Be sure to have an Internet connection.
You will also need the Username and Password from your site administrator.

Installing Web License Client:

Do one of the following:

Place the Kurzweil 3000 DVD into the DVD drive and double-click the Standalone edition icon.

Or go to www.kurzweiledu.com/installmacv4_6WL to download the installation file.

Drag the **Kurzweil 3000** application file to the **Applications** folder.

Web License Log In:

To Log in: In the Welcome window, enter your VPORT Username and Password.

To log in as guest: In the Welcome window, open the Options list and select Sign in as a Guest, then click Login.

To set a Guest login: When you first install the Web License client, enter the guest user name and password you want. Save this login by opening the Options list. Select Sign in as Guest, then click Login. Once saved, the guest login information cannot be overwritten and can only be changed by deleting the Guest Credentials file.

To change the guest login information: delete the file /Library Application Support/Cambium Learning/Kurzweil 3000/GuestCredentials.plist, then set a new guest login as specified above.

UPGRADING FROM PREVIOUS KURZWEIL 3000 VERSIONS

(You may optionally drag the Kurzweil 3000 Version 5 application to another location or move your previous copy of Kurzweil 3000 to an archival location in order to use both versions; they do not interfere with each other.)

Drag the Kurzweil 3000 Version 5 application directly into the same folder containing your previous copy of Kurzweil 3000. You may optionally drag desired contents of the **Extras** folder to any location on your Macintosh. Installing the optional Read the Web functionality and Cepstral voices requires more steps; please refer to your installation guide for these features. You will need to activate Version 5 using the new serial number.
